WHAT HAPPENS IF INSECTS GO EXTINCT?

Insect and Biodiversity Talk
for kids & families

Streamside Conservation Group, with the support of SCDCLG Inc, are holding an interactive talk about insects and their importance in the ecosystem. We'll be asking questions like:

Why are insects important? What is the link between insects and biodiversity? How can we conserve insects? How can we create insect habitat? What happens if insects go extinct?

WHEN: Sunday, 8th of November

TIME: 10 - 11:30 am

WHERE: Broadford Living & Learning Centre

BRING: A snack and an open mind!

Suitable for kinder & primary school ages. Light refreshments supplied.

Numbers are limited, so please book by contacting Ruby at scdclandcaregroup@gmail.com
